

November 2011

The Waldorf School of San Diego is 30 years old!!

The Waldorf School of San Diego is celebrating its 30th Anniversary this school year – all year long! The theme of the year is “Hands Together.” As we celebrate thirty years of concerted effort by many

hands working together to create a Waldorf school the hands are a symbolic gesture to inspire us forward into the future,

applauded by the handprints of our own children and their teachers, encouraged by the hope and love which we share for the living education given to us by Rudolf Steiner, whose 150th year of birth we also honor at this time. Each and every hand that we

used on our Anniversary Logo and Poster are the actual handprints of community members. The children from Early Childhood through High School enjoyed getting their own

particular color on the special cloth banners. These hands truly reflect our entire community and how necessary each and every hand is in initiating, developing, and nurturing

our Waldorf school. We are proud and honored to continue not only to create a place for children to flourish but also to strive constantly to be a supportive and warm community for families, employees, friends and more! We thank each and every person that has helped us along the way and continues to support us from both near and far.

“Hands Together”

30th Anniversary
1981~2011

The healthy social life is found when in the mirror of each human soul the whole community finds its reflection, and when in the whole community the virtue of each one is living. ~ Rudolf Steiner
